Written

Question	Answer	Assessor check
What is the acronym used that defines the first aid process and what does each letter stand for?		
Explain in your own words what CPR is.		
What is an AED and what do they do?		
Where're AEDs located in the workplace or building?		
As a first responder (rescuer) what initial steps would you take before attempting first aid?		
Write down some of the hazards in the workplace that may affect your ability to conduct CPR.		

Oral

Question	Assessor check	
It's now safe to commence first aid. The casualty is unconscious and not breathing, what steps would you take at this point?		
Who can use an AED?		
Explain AED pad placement in adults.		
Name those on your shift or in your workplace that are First Aid trained.		

Demonstrative

Question	Assessor check
A practical CPR assessment will be undertaken in pairs. Each team of 2 will be presented with a scenario. The team must follow the current ANZCOR Guideline demonstrating competence. If the team is not deemed competent they will be asked to undertake the practical for a second time.	

The candidate is assessed as being:

- Competent
- Not yet competent

Areas requiring improvement:

For first time candidates only:

Department Manager's name: _____

Department Manager's signature: _____

Date: ___/___/___
