

Developed to provide evidence of plant familiarisation with equipment and plant owned by Ausgrid for External Contractors

Date of Familiarisation		Location/Depot	
Plant Make		Plant Model	
SOP Used			

Acknowledgement of Training - (to be completed by the Worker)

- I have viewed the Operating Manual and SOP and know how to access required documentation.
- I am aware of hazards and precautions associated with mobile plant.
- I will follow the requirements of SWMS and wear PPE appropriate to task.
- I know how to perform prestart and post operational checks, and startup and shutdown procedures correctly.
- I can locate all safety features (reverse sensors; protective guards; first aid kit)
- I know how to check for defects and leaks in connection points, hydraulic hoses, and seals.
- I will operate the plant safely as per operating manual (controls, and switches)
- Prior to operating plant I will identify the maximum load for operation, including maximum capacity and load charts.
- I will operate plant attachments and attachment points as per manufacturer's instructions.
- I know where to locate additional information if required

Name of Worker		Pegasus ID	
Worker Company		Principal Contract Company	
<i>I acknowledge that I have received and understand the plant familiarisation training. I understand the correct operating procedures and where I can obtain further information if required.</i>
