Worker Registration and Induction Bookings

LOGIN

Select, “Company Admin”
Enter your username and
password and “Login”.

If prompted, enter your
company name and
“select”.

- Follow this guide this step-by-step guide to register new workers or manage existing workers in the Contractor Management System
- For Company Administrators, Select the **Company Admin** option before logging in. This will ensure you are correctly signing in to manage all of your company’s workers.
- For the correct Roles portal you want to enter, head to: <https://Pegasus.net.au/contractors> and open the Client’s Contractor facing information page for more detail. The correct portal link page will be listed there.

WORKER PORTAL

Not all Portals have this feature. The option will be shown Portal supports it.

Look to the user guide on that Portal's Help & Resources Page for more information

- If your portal has the Individual Worker Login feature, this will show as the “WORKER” option on the portal login screen.
- Using your personal Onsite Track Easy Username and Password, this will allow you to login and view your profile in this portal. *You must have been previously invited by your Company Administrator.*
- The Individual Worker Portal is not covered in this user guide, but more information can be found here: <https://kb.pegasus.net.au/display/OCCS/Individual+Worker+Portal>

Worker Registration and Induction Bookings

The home page allows access to Manage Roles, Manage Employees, and Pending Actions

- Once logged in you will see the options:
 - Home
 - Manage Companies (if applicable – not covered in this guide)
 - Manage Roles
 - Manage Employees
 - Manage Assets (if applicable – not covered in this guide)
 - Pending Actions
 - Logout

The screenshot displays the Pegasus web application interface. At the top, the header includes the Pegasus logo (Powered by Onsite), the user email 'dchallen@pegasus.net.au', and the company name 'PEGASUS MANAGEMENT PTY. LIMITED'. A navigation sidebar on the left lists: Home, Manage Companies, Manage Roles, Manage Employees, Manage Assets, Pending Actions, and Logout. The main content area features a grid of tiles: 'Manage Companies' (with a building icon), 'Manage Roles' (with a person icon), 'Pending Actions' (with a bell icon), 'Manage Employees' (with a group of people icon), and 'Manage Assets' (with a truck icon). A secondary navigation menu on the right side of the interface lists: Home, Manage Companies, Manage Roles, Manage Employees, Manage Assets, Pending Actions, and Logout. The background of the interface includes images of industrial construction sites and a modern building.

WORKER REGISTRATION

Worker Registration – Adding New Employee

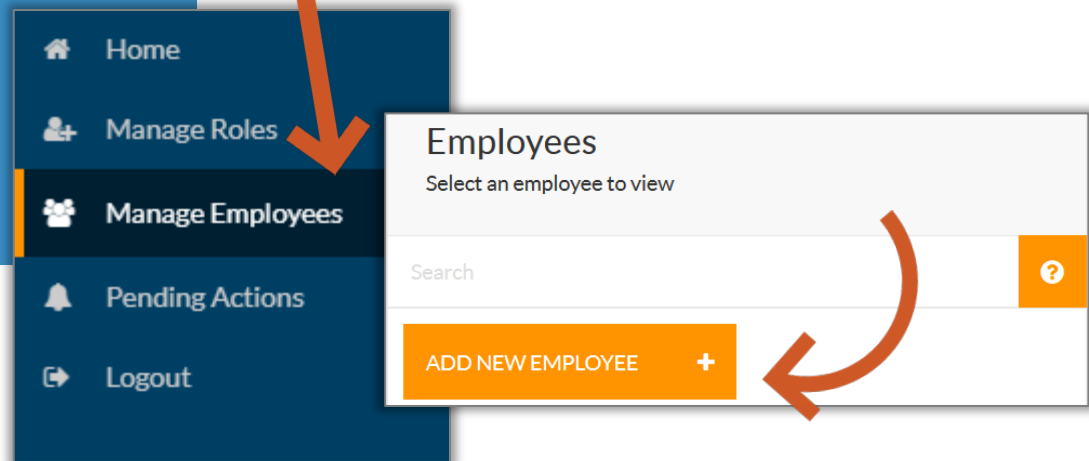

STEP 1

On the home page, click “Manage Employees”.

Search for an existing worker or add a new worker.

- This is where you will enter your company’s Workers. If required, you will order their site access cards and book inductions
- Use the system to update Worker profiles and information, or to add competencies and skills
- If you are not adding a new Worker, but wanting to manage an existing one, skip to page 9 to check if that Worker has a Subscription for the portal.

Worker Registration – Adding New Employee

STEP 2

Upload a photo and enter the employee's details.

Scroll and complete all fields, then click "Save & Close".

- The information entered here will be displayed on the Worker's Pegasus profile
- If the Worker is a contractor and not an employee of your company, tick the box next to "Contractor"
- Read the Terms and Conditions and tick the box to create a new Worker in the system
- We can now continue to add roles, assign to sites, and upload documents for this Worker, after paying a subscription (if required)

* Agree to Terms and Conditions

Back to Manage Employees **SAVE & CLOSE**

Worker Registration – Adding New Employee

STEP 3

You can process the payment for the worker's subscription (if required) at a later time.

Or click "Subscription" and pay before proceeding to add roles to Employee

- If you need to leave the process and come back at a later time, log out or process the payment and then log out. The card application will be under Pending Actions > Continuing Applications
- If you are completing the process now, click on the Subscription tab and follow the process to pay for that Subscription (if applicable)
- *A Paid Subscription is required for some portals before being able to add Roles*
- For payment process, refer to the Shopping Cart section later in this guide

Manage Employee

Manage a selected employee

Citizen, John

Address 123 test st, Testville, NSW 2000 AU

Subscription Not issued - Add to cart >

Work Roles 0 0 0 >

MANAGING A WORKER'S SITES

Adding Sites

STEP 1

On the “Manage Employees” page, search for the worker and click on the worker. Then under their profile click “Work Roles”.

This will open the “Manage Roles” section.

- NOTE: This section has assumed that the Workers already has a Subscription (if applicable), as this is a prerequisite for adding Sites and Roles. *Please note that not all Portals use this feature.*
- Multiple sites can be added at once
- Worker must be associated to a site to work there
- If you do not see the site access required, check that you are in the correct portal

The screenshot displays the Pegasus Management System interface. The top navigation bar shows the Pegasus logo, user ID 918261, and company name PEGASUS MANAGEMENT PTY. LIMITED. The sidebar on the left contains navigation links: Home, Manage Roles, Manage Employees (highlighted), Manage Assets, Pending Actions, and Logout. The main content area is titled 'Employees' and shows a search for 'jacq'. Below the search results is an 'ADD NEW EMPLOYEE' button and a list of employees. The employee 'Bracey, Jacqueline' is selected, and a red arrow points to her profile. The 'Manage Employee' profile page shows her photo, ID# 533586 (Approved), DOB: 05/02/1977, Gender, Phone: 0402693892, Email: peteram69@yahoo.com.au, and Address: 426 King Street, Newcastle, NSW 2300 AU. The 'Work Roles' section shows 0 roles and a right arrow. Below are buttons for 'Re-invite / Reset Password' and 'End Employment'.

Adding Sites

STEP 2

If no Sites are previously selected, you will be prompted to select a site first.

Click “ADD SITE”

Choose the sites the worker will be at, then click “ADD # SITE”

- Multiple sites can be added at once
- Roles can not be chosen/managed until sites are selected first
- If you do not see the site where access required, check that you are in the correct portal
- Other company administrators can see what sites this Worker is associated with in the Portal, so that may help when managing employees. Where possible, only add sites Worker will be attending. You can remove site associations if Worker no longer needs to attend that site.

Sites/roles for Jacqueline

Select all roles for Jacqueline or the site they are working on

Jacqueline must have a minimum of a single site before they can proceed. Select ADD SITE to continue.

Back to Manage Employees ADD SITE

Close

Add site associations

Search

Onsite HQ

Pegasus Demonstration ✓

ADD 1 SITE

Adding Sites

STEP 3

Selected Site(s) added will now be displayed for the Worker.

Click on “All Roles” tab, this will open the option to add or manage roles on the right of the screen.

Roles can now be added if required.

- You MIGHT get roles added automatically depending upon the site and the Portal you are in.
- If you have had roles automatically added, these are a Site requirement and need to be completed. Site will be looking for these roles to be complete and active.
- If you delete a role, you can re-add it.
- Adding new roles are covered in the next section of this guide

The screenshot displays a two-pane interface. The left pane is titled 'Sites/roles for Jacqueline' and contains a sub-header 'Select all roles for Jacqueline or the site they are working on' and a trash icon. Below this are two tabs: 'All Roles' (highlighted in orange) and 'Pegasus Demonstration'. A red arrow points from the 'All Roles' tab to the right pane. The right pane is titled 'All roles for Jacqueline Bracey' and features a search bar with a question mark icon. At the bottom, there are three buttons: 'Back to Selected Employees' (grey), 'ADD SITE' (orange), and 'ADD NEW ROLE' (orange).

ADDING ROLES

Worker Registration – For New or Existing Employees

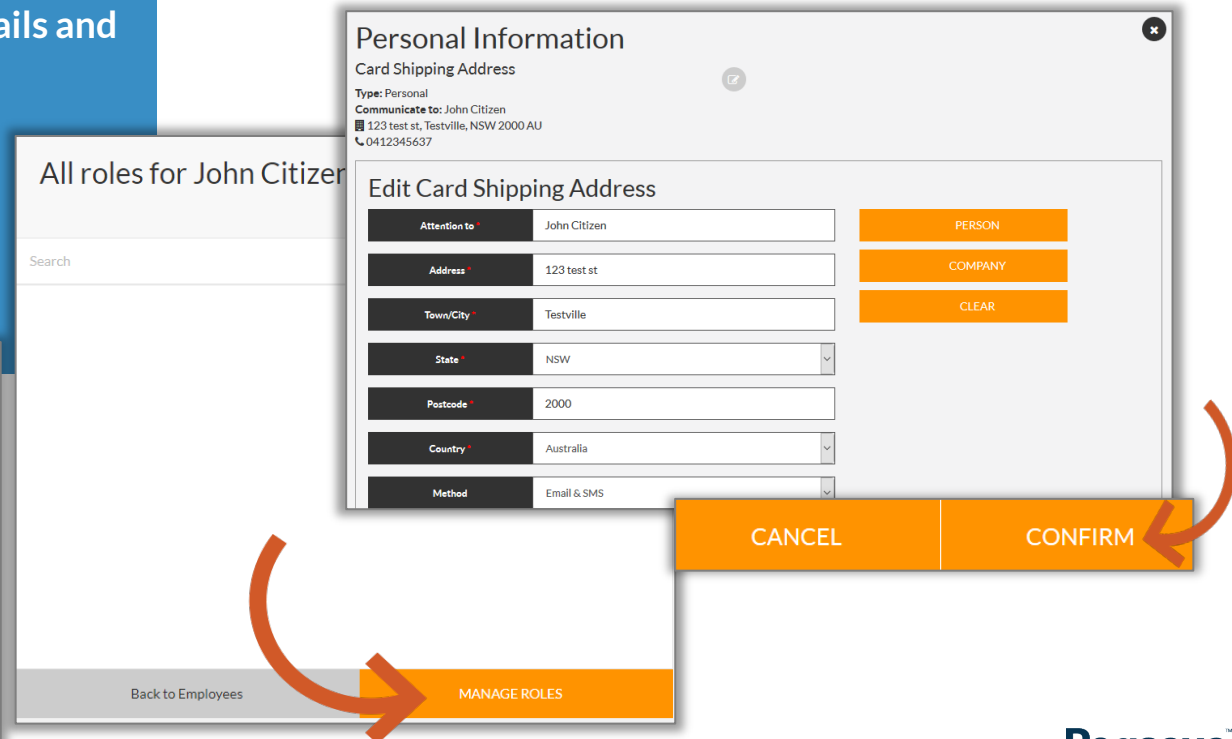

STEP 1

Click “Manage Roles”.

Search for Employee you wish to manage. If Employee has no Subscription, you will be prompted to confirm the worker’s details and card shipping address if a card is required.

Press “CONFIRM” when done

- The shipping address can be the worker’s or your company. Simply click the buttons on the right to change details
- Scroll down to view all of the information and click “Continue”
- A screen confirms this worker was added to the shopping cart. We will return to the shopping cart later
- *A Paid Subscription is required for some portals before being able to add Roles*

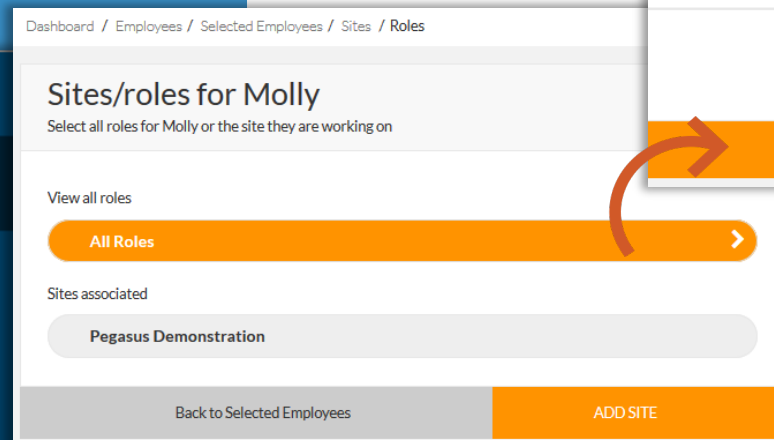

Worker Registration – For New or Existing Employees

STEP 2

Under the “Manage Roles” section, for your selected worker, click “All Roles”

If Worker already has Roles already they will be displayed. If none, click on “ADD NEW ROLE”.

- Step 2 assumes Employee has a subscription.
- Step 2 Assumed you have already assigned at least one Site to your worker.
- A list of site approved roles will be displayed. Roles are descriptions of what task the worker will be undertaking at sites but may not reference a title.
- Roles are set by site. If you cannot find a suitable one to select, speak to your site contact
- Multiple roles can be selected at once

Worker Registration – For New or Existing Employees

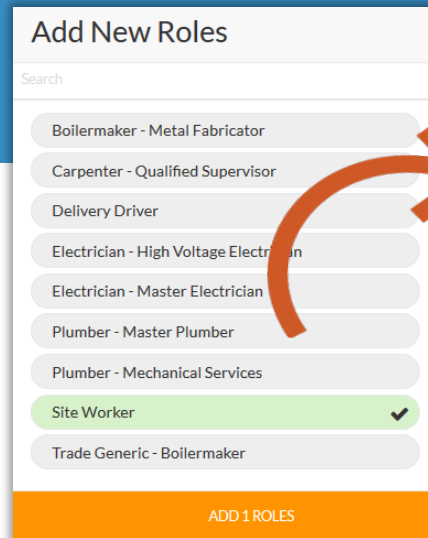

STEP 3

Click an added role to open the document upload section.

Click on the competency you are uploading against and then click “Select or Upload Document”.

Complete all relevant information then click “Save & Next”.

- You need to upload a document that meets the role requirements. The document will need to be scanned and saved to your computer to do this
- The system will step through all the competencies listed. Mandatory items must be uploaded to submit the application.
- The Document Library will store previously uploaded documents to save you having to re-upload

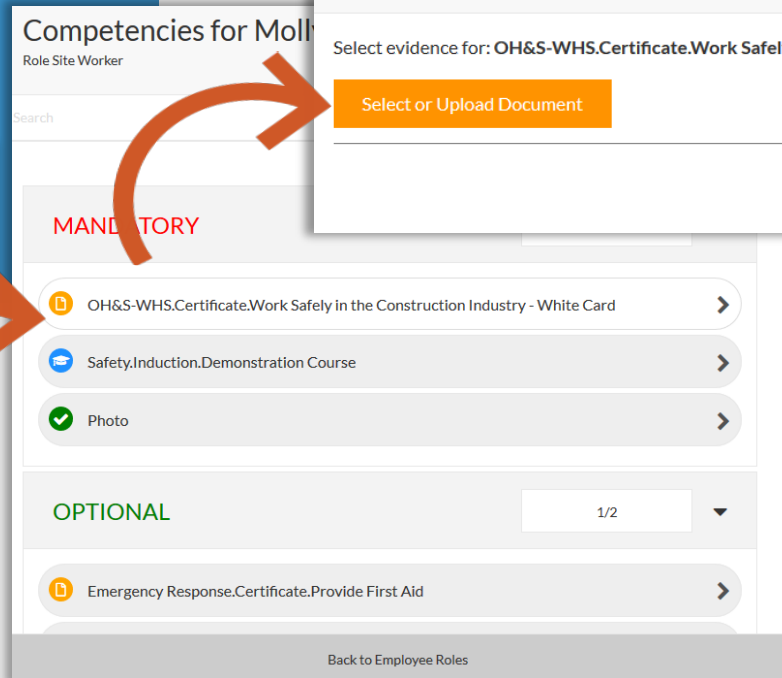

Add New Roles

Select or upload the document required

Allowed file types: PDF, DOC, JPG, JPEG, XLS, TXT, DOCX

Finished Editing

Remove All

- Select Edit in Document Library to edit what current documents are visible for this worker.
- Old documents will be displayed, if previously uploaded. Use the EDIT button to display the option to DELETE the documents no longer required to stay in the Document Library for ease of access.
- Click the “X” next to each document to instantly remove it from the Document Library. This will NOT remove it from the Workers competency. It just removes the quick access to that document. You can always re-upload the document if the incorrect one was deleted.
- Once finished editing the document in the library, click “Finished Editing” to return the Document Library view back to the normal layout.

Worker Registration – Upload Proof or Do Training

OPTION

Click on the Competency next in your list. If applicable this following options will appear.

“Select Training” or “Upload Documentation”

Choose the relevant option, undertake any action required, then press Save and Next to continue.

- Some Roles will offer a new option - Select Training or Upload Documentation
- These are recognisable by the University Icon next to the competency.
- Process is the same as Training or Uploading documents, but the feature is available under the one competency to do should that competency allow for that option.
- Only one selection is required here. Click on Business Rules button if unsure of what evidence to supply for this competency,

Worker Registration – For New or Existing Employees

STEP 4

After documents are uploaded and evidence supplied, for each Mandatory Competency, Submit button will appear.

Click “SUBMIT” to finish processing role(s) for worker

- Once documents selected against the competency, the option to add further documents can be done if needed with the “Add more documents” link
- Complete any mandatory fields, marked with an Asterisk, to complete the competency upload process.
- Depending upon Role applying for, will either require course sections
- If a Role requires a Course booking, it will allow you to book in for mandatory online or face to face training (where you will be prompted to select a date), this may also come at a cost, so you may be taken to the shopping cart again, prior to the Submit button being available.

RENEWING EXPIRING DOCUMENTS

Renewing Documents

STEP 1

Click on “Manage Roles” and find the Employee you wish to view.

View the Role you wish to see the Status of.

If the Role has an expiring Competency, it will list the earliest expiring date against the Role.

- Documents that **have** expired will generally be requested when applying for Roles. As that document related to a competency has already expired, then you would follow the normal process on the slides under “Adding Roles” section starting on slide 14.
- Renewing a document that is **due** to expire, you can upload a newer document in advance of it expiring. Once approved, this will then add the updated document to your profile and the competency will then reflect the new end date of that document.
- Some competencies never expire, due to the business rules of the client. Check the relevant business rules for that competency.
- Expiring Competency notifications are sent to Company Administrators and Worker’s email address at both 30 days and 7 days before expiry.

Sites/roles for Jacqueline
Select all roles for Jacqueline or the site they are working on

All Roles

Pegasus Demonstration

Back to Selected Employees

ADD SITE

All roles for Jacqueline Bracey

Site Worker
Expires: 07/01/2020

Renewing Documents

STEP 2

Click the competency you wish to update.

Click the “Renew document” button

This will open the Document Library page.

- In order to renew a document, the option will only appear after the competency reaches the 30 day expiry period. Prior to this, the “Renew document” option does not appear.
- You can at any time download the existing approved document assigned to the competency by pressing “Download document” and save it to your computer., even if it isn’t due to expire. This is useful if you are requiring to upload this in a different clients portal, or can not easily find the file on your computer.

The screenshot displays a user interface for managing competencies. At the top, it says "Competencies for Jacqueline Bracey" and "Role Site Worker". Below this is a search bar. A list of competencies is shown under the heading "MANDATORY":

- OH&S-WHS.Certificate.Work Safely in the Construction Industry - White Card (Expires: 07/01/2020)
- Safety,Induction.Demonstration Course
- Photo

For the "OH&S-WHS.Certificate.Work Safely in the Construction Industry - White Card" competency, two buttons are visible: "Renew document" and "Download document (153.4 kb)". A callout box highlights these buttons with the text "Select evidence for: OH&S-WHS.Certificate.Work Safely in the Construction Industry - White Card".

At the bottom left, another competency card is partially visible: "All roles for Jacco" with a "Site Worker" role and an expiry date of "Expires: 07/01/2020".

Renewing Documents

STEP 3

Click on the required option for upload (already in Document Library or Upload new document)

Complete any Mandatory Fields
Click Save and Submit.

Now will be sent to Pegasus for approval.

- Follow the same steps shown in “Adding Roles” slide 18, to understand how the Document Library works if unsure.
- Additional document evidence can be uploaded against the competency if required. So multiple files can be uploaded and submitted for the competency.
- Not all file uploads require “Group” “Issue Date” “Expiry Date” “Comments” contents to be filled out. If one is Mandatory, you will not be able to submit until it is completed.
- Once Submitted, will then lock profile with Pegasus to approve.

The screenshot displays the Pegasus system interface for document management. It is divided into three main sections:

- Document Library:** A section titled "Document Library" with the instruction "Select or upload the document required". It lists allowed file types: PDF, DOC, JPG, JPEG, XLS, TXT, DOC. Below this, there are buttons for "Edit" and "Select None". A grid of document thumbnails is shown, including a "Medical Certificate" and an "ACMI PLANT OPERATOR VDC Register" document, which is highlighted with a red box. A red error message "Group is required" is visible at the bottom left of this section.
- Form Fields:** A section titled "Add more documents" with the heading "Extra information required:". It contains three input fields: "Group *" (with a dropdown menu showing "OH&S-WHS.Induction.Construction NSW"), "Issue Date" (with a date picker showing "dd/mm/yyyy"), and "Expiry Date" (with a date picker showing "01/01/2021"). At the bottom right of this section are buttons for "Cancel", "Save", and "Save & Submit".
- File Explorer:** A Windows File Explorer window is open, showing the "Documents" folder. It contains several files, including "Pegasus", "index2.jpg", "LTM1500.jpg", "Training Upload Document.docx", and "Training Upload Document.pdf". The "Training Upload Document.pdf" file is highlighted with a red box, and a red arrow points from this box to the "Add more documents" form.
