# Kiosk LP 7/8 Printer Guide For Bixolon Printers

## Kiosk Overview

- ❖ This guide assumes that you already have some knowledge of the Desktop Kiosk device and have access to the Printer.
- ❖ This guide will take you through ensuring the correct settings are configured on the Printer and then paper is aligned correctly.
- ❖ All Bixolon Printers use Non-Perforated Sticker Rolls.
- ❖ Video Guide showing sticker roll replacement can be found here <https://vimeo.com/630429416/84a27ee535>

## Kiosk Printer Overview

- ❖ The Bixolon XD5-40D printer can be opened up by pulling the two pressing the Printer Head Release button on the front of the printer.
- ❖ This will open up the printer so we can investigate and confirm the settings inside the printer and the paper roll.

## Kiosk Sticker Aligning

- ❖ Align the Stickers as shown ensuring stickers are face up
- ❖ You can see the sticker roll needs to be fed under the guides for paper to correctly be fed and exit the printer to be cut.

## Kiosk Sticker Aligning

- ❖ Align the Stickers as shown ensuring stickers are face up
- ❖ Ensure sticker is feeding through the front gap, as this front bulge is the Auto Cutter.

## Kiosk Sticker Aligning

- ❖ Close the Lid, ensuring its clicks into place.
- ❖ Press the Feed button, to feed stickers through automatically.
- ❖ Printer will detect the gaps in the stickers and cut, about 2 stickers, and then be ready to use!
