

Congratulations on your accreditation.

Accreditation Number:

I am writing to inform you that _____ has been accredited under the NSW Accredited Service Provider (ASP) Scheme as a Level 1 Service Provider for Class 1A,C,X Grade B until midnight on 02/05/2020.

Please retain this letter as evidence of accreditation for _____
Please note that accreditation needs to be renewed annually.

I would like to take this opportunity to remind you that any person who will be providing contestable services on or near an electricity distribution system must be registered with this scheme and must be authorised by the local electricity distributor. You will need to provide us with the details of each person you wish to register, including evidence of their relevant qualifications. A copy of the registration form for individuals is available from our website at: <https://energy.nsw.gov.au>

In order to issue authorisation for each person, the local electricity distributor will need to be provided with evidence of accreditation of the company and the registration of each individual. Authorisation fees are also payable to the local electricity distributor. I have enclosed a contact list for the distributors.

Please note that accreditation is subject to continued compliance with the conditions of the ASP scheme, including maintenance of the required insurance policies. Ask that you advise us immediately if any of those insurance policies are cancelled or reduced in coverage, and if any of the employees or subcontractors you have registered are no longer associated with your business.

If you have any queries or would like more information please contact the ASP Scheme on telephone (02) 8275 1960 or email asp.scheme@planning.nsw.gov.au

Yours sincerely
