ADDING ROLES

Assigning Roles to a Worker

Roles should NOT be assigned in the Client Portal.

Applying Roles here will not assign online training events, which will make the role unable to be completed for the worker.

Always apply for Roles in the Roles Portal (also called worker portal)

This ensures the correct training is assigned to worker and they are emailed any training enrolments.

You can however use this page to view the status of roles against a workers profile.

- If unsure of Roles Portal website, check the client page on <https://www.Pegasus.net.au/contractors> for a link on the relevant client page.
- More information on roles portal here <https://kb.pegasus.net.au/display/CA/Roles+Portal>
