

To Whom it may Concern,

For the purpose of completing CAF's Scope of Installation of Main Depot Equipment, CAF have engaged a number of specialists, overseas Suppliers. These Suppliers will be required to undertake works on the Project from a period of October through November 2023.

CAF have sought, and received, copies of Certificates of Currency for the following Insurances:

- Workers Compensation
- Public Liability, and
- Professional Indemnity

Given the jurisdictions within which these Insurances are granted, there are discrepancies in the wording and allocation of said Insurances.

As such, CAF have undertaken a Corporate, due diligence review of each of these companies and have validated their insurances adequately provide coverage for their scope of works and employee numbers. All have been reviewed by CAF's Legal and Governance teams and accepted by the business.

To on-board these Suppliers in the Pegasus system, CAF hereby authorize the use of this letter to be applied against each Supplier's Insurance requirements within the system.
