

Client Admin

Pegasus Workforce Client Administrators

New Support Page

 A new page for Client Users has been created that reflects the updated naming conventions for the Workforce Management Software Suite. Head over [to that page](#) as this one will be retired in the near future.

Welcome to the Resources section for Site/Realm users of the Pegasus Workforce Suite.

If you use any of our software, under the resources page you will find user guides, videos and notes on all the different items of Pegasus Workforce Solution.

Note

 If you are **NOT a Client Site or Realm user**, you have a dedicated Contractor Support page [here](#) - [Onsite Contractor](#)
